

Quality Policy Statement

The Quality Management System (QMS) operated within Smart Platform Rentals Ltd is designed to comply with the requirements of ISO 9001:2015. This policy will be reviewed annually and will be made available to all interested parties.

Commitment to Quality

Quality is integral to all our working practices. We believe that it is critical to the success of our business. The key elements of our approach to Quality are based on the following Quality Principles:

Customer Focus

We depend on our customers and are committed to supplying them with high quality products and services that conform to their requirements. Our aim is always to meet or exceed our customers' expectations.

Leadership

The Senior Management Team are committed to maintaining compliance with all statutory, regulatory, legislative and contractual requirements. We will provide an internal environment in which our people can become fully involved in achieving the organization's quality objectives.

Engagement of People

We aim to recruit and retain highly motivated, competent people. Our people are seen as our most important resource. We encourage their full involvement in order to develop their abilities for the benefit of the individual and the company.

Process Approach

We will manage our activities and associated resources as a series of planned processes to produce the right product, at the right time with minimum wastage, while seeking to maximize efficiency. Our individual processes will be structured into a documented Quality Management System which meets the requirements for BS EN 9001:2015.

Improvement

We are committed to the continuous improvement of the products and the services that we provide and to the effectiveness of our Quality Management System. We will set clear quality objectives and monitor our progress towards their successful achievement.

Evidence Based Decisions Making

We will measure our performance in key activities and use the data collected to make informed and effective decisions on how to improve our processes.

Relationship Management

An organization and its clients, suppliers and collaborative business partners are interdependent. We will seek to develop mutually beneficial relationships to improve quality leading to greater reliability, enhanced services and increased efficiency.
